

Section 4: Data Modeling Principles

Now that you are done with the videos of section 4, let's assess your learning. Here, are a few questions; followed by 4 options, out of which 1 is the correct option. Select the right option and validate your learning! The answers are provided in a separate sheet.

Q1. Clustering key is a part of primary key.

- a. True
- b. False

Q2. Denormalization of data in Cassandra (duplication)

- a. is common for optimizing reads
- b. is anti-pattern

Q3. Writes in Cassandra are very cheap.

- a. True
- b. False
